online**

We invite educators and facilitators to join the upcoming COIL Main Facilitator Training Series, offering practical guidance and resources for effective COIL facilitation. This hybrid training includes on-demand materials available over two weeks and one live session. It features the new COIL Toolkit, co-developed by JIGE and COIL Connect.

What will be covered?

- ✓ Introduction to COIL principles
- ✓ Designing effective COIL projects
- ✓ Facilitation techniques
- ✓ Technology and tools
- ✓ Assessment and Evaluation
- ✓ The new COIL Toolkit

Format

Online (on-demand with one real-time zoom session)

Dates

On-demand: June 23 - July 7
Live session: 1 day in July (TBA)

Fee

Free of charge for all

JPN-COIL Association Members and
